

SHIVA SHANKARI V

Software Engineer | Full-Stack Development (MERN) | UI/UX Design

Chennai, India | 9345455220 | 24632.cs@rmkcet.ac.in | www.linkedin.com/in/shiva-shankari-v-36314a326

OBJECTIVE

Computer Science Engineering undergraduate with hands-on experience in full-stack web, Java, SQL, and UI/UX design. Proven ability to design, build, and ship functional web applications independently and in teams, backed by project-competition wins and a UI/UX internship. Seeking a Software Engineer Intern to apply strong problem-solving and coding skills to real-world software development while continuing to grow in AI-driven and scalable system design.

TECHNICAL SKILLS

- Programming Languages: Java, C++, Python, SQL
- Web Technologies: HTML, CSS, JavaScript, React.js (MERN stack fundamentals)
- Tools & Platforms: Git, GitHub, VS Code, Figma

PROJECTS

States Flavours — Cultural Food Discovery Web App | React, JavaScript, HTML, CSS, MERN

- Built a web application showcasing India's culinary diversity by mapping all 29 States to their signature traditional dish.
- Designed an interactive state-wise browsing experience allowing users to explore regional cuisines through images and description which is truly based on the Indian traditional types.

Skill Swap Platform | Curriculum Design, Web Development

- Designed a peer-to-peer academic support platform with curriculum-based instructional content for students.
- Created engaging classroom materials and assessments, supporting students through project work end-to-end.

PROJECT EXPO — Intercollege Technical Competition | 1st Prize, Innovation & Presentation

- Developed and presented an academic project to a panel of judges, winning recognition for innovation and technical depth.
- Collaborated in a team environment, demonstrating strong problem-solving and communication skills under time constraints.

INTERNSHIP EXPERIENCE

UI/UX Design Intern — Novitech | June 2025 – July 2025

- Designed user-friendly interfaces in Figma, improving usability through iterative user testing.
- Collaborated closely with developers and designers to translate wireframes into functional product screens.

Mern Stack Development Intern — Main Craft | June 2026 – JUNE 2026 (15 DAYS)

- Completed an intensive 15-day hands-on internship building full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Gained practical exposure to REST API development, component-based UI design, and database integration under real project timelines.

EDUCATION

B.E., Computer Science & Engineering | R.M.K. College of Engineering and Technology, Chennai | 2024 – 2028

- Relevant Coursework: DBMS, Data Structures, Software Development, Intro to AI, Computer Networks

Higher Secondary (Class XII), 2023 — R.M.K. Senior Secondary School | 71.6%

Secondary (Class X), 2021 — Vivekananda Vidyalaya | 81%

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL — Java Programming (Sep 2025), Data Science (Jul 2025)
- Infosys Springboard — Responsive Web Design, HTML, CSS, JavaScript, C++
- 1st Place — Artificial Intelligence Domain, for outstanding performance and technical knowledge
- 1st Place – Project Expo Competition based on some hardware design.
- Eco Club: 1st place, ₹1000 cash prize
- Astrology Club: 3rd place, ₹1000 cash prize
- Language Club: 1st place, ₹1000 cash prize
